### Activities Include (CNE Pending approval):

Jennifer Doyle, MSN, WHNP-BC: AWHONN president-elect and perinatal outreach educator/APN. Jennifer leads multiple research and quality improvement projects within her facility and across the state of Ohio. Many of her projects focus on intrapartum safety.

**TOPIC:** Maternal Safety Bundles

Carol Burke, MSN, APRN/CNS, RNC-OB, C-EFM: With over 40 years of extensive clinical, administrative and educational experiences, Carol is an expert in fetal monitoring. She is a published author in both peer-reviewed nursing and medical publications and has presented on numerous perinatal topics.

**TOPIC:** Critical Thinking and EFM: Case Study Reviews

Susan Thrasher, DNP, FNP-BC, RNC-OB, C-EFM: Susan has more than 15 years of high-risk nursing maternal care experience. She recently obtained a Doctor of Nursing Practice degree and her scholarly project focused on prevention of heart disease in women with a history of preeclampsia.

**TOPIC:** Cardiovascular Disease in the Postpartum Woman

Heather Scruton, MBA, MSN, RNC-OB, C-EFM: Heather has worked in high-risk obstetrics for over 15 years. She has presented nationally in the areas of nursing innovation in fetal medicine and the use of simulation competency validation.

**TOPIC:** Nurse Advocacy 101: Healthcare Leadership Through Awareness

Brenda Bandy, IBCLC, Executive Director Kansas Breastfeeding Coalition:

**TOPIC:** Breastfeeding's Impact on Mental Health

Ellie Brent, MPH, March of Dimes:

**TOPIC:** Premature Birth: A State of Urgency and Promising Prevention Strategies
